

Student use of a Mobile Phone in school

Mobile devices can be brought into school at the user's own risk and can be used appropriately at unstructured times. Please refer to Appendix 1 - 4 of the [Esafety Policy](#).

If students choose to bring their device into school it is on the understanding that they agree with the following limitations on its use, namely:

- Mobile phones must be switched off in all classes, corridors and other areas during teaching time. It is not acceptable for phones merely to be put on silent or pager mode.
- The phone must be kept out of sight during lessons.*
- No student may take a mobile phone into a room or other area where examinations are being held.
- The security of the device will remain the student's responsibility in all lessons.

**Some members of staff will allow the use of mobile devices in lessons as an aid to support learning; this is at the discretion of the teacher and will be made explicit to the students.*

If a student is using a mobile device inappropriately, this will be confiscated by the member of staff, handed into the office and placed in the school safe. Collection will be by the parent.
