

# CARLTON

KEIGHLEY

Dear Parent/Carer

As a school we aim to foster strong links both with families and with wider community groups to help support pupils to be successful both in school and after school.

As part of our work with other community groups, including police and community outreach groups, we have the opportunity to undertake a Community Voice survey about the issues that affect your local area.

We would really appreciate it if parents took the time to complete this survey; it is a great opportunity to have your say in how we can improve our community for everyone. The link to this survey is shared below:

Thank you for your continued support.

Mark Turvey,  
Head of School
